Hanover Headlines

Pinky's UP!

An epic tea party was had by all for Mother's Day this year! Mother's Day is such a special time for so many of us. We were happy to celebrate together. We made small floral arrangements together and enjoyed light bites with tea and lemonade. We hope everyone enjoyed themselves and had a lovely Mother's Day!

FUN WITH 4H

Thank you to the 4H crew for hanging out with us and sharing the animals. The residents enjoy the interaction and the stories it generates following the visit is heartwarming! Animal Therapy is known to reduce stress and help people relax! It can reduce blood pressure and heart rates!

Life gave us Lemonade

Another successful Lemonade stand under our belt! Thanks to all who came out to support us and spend time with us. It was a gorgeous day to say the least! Didn't get a chance to stop by? You can still make a donation to the ISB Lemonade Stand! Thank you!

EVER HAVE A VISION, AND THEN IT STARTS TO COME TRUE...

Well that's exactly what is happening here for our residents!

I'd like to officially announce we have a fun and exciting project underway for these amazing residents.

After applying for the Washington County Community Foundation Grant earlier this Spring, they informed me that we DID in fact, get approval for this grant!

You may ask what we are using this money for?

I would be lying if I said I was the FIRST person to have the vision of an "Outdoor Space" for our Hanover Hospital Families. I spoke with many families, staff, and residents regarding their desire to have a permanent spot outdoors to sit comfortably when the mood strikes them. When our weather is nice- fresh air, sunlight, and watching our old friends or neighbors drive by can do the mind, body, and soul some good.

This Outdoor Living Space is going to become a reality thanks to the generous donors of the Washington County Community Foundation.

Currently the project will include a concrete patio with a wheelchair accessible approach. A stationed pergola will sit on top of the concrete and we currently have two benches to fasten under the pergola as well.

As this project grows and our fundraisers continue to contribute towards this space, we would love to add more to it. Such as flower boxes, a water feature perhaps... the vision will continue! For now, however, lets give these long term care residents another space that they can claim as an extension of their home in the hospital. They can spend time in this space when their families come to visit, we can partake in activities outdoors in this space as well. I am so excited and humbled by the donations and grant we received. The ISB residents have lived full lives that included countless hours outdoors with their families, children, and grandchildren. Lets give them this sanctuary to enjoy those days ahead once again!

If you have suggestions or questions regarding this, please feel free to reach out to Amy Schaefer at amschaefer@hanoverhospitalks.com

We celebrated **THREE** lovely ladies this month! Vernita, Judy, and Loretta all had May Birthdays! The talented baker behind these cakes is our very own Shelly Snyder! She works extra hard in the Kitchen on Birthdays and we appreciate her very much! Thanks Shelly and Happy Birthday to these lovely ladies again!
